

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

This policy was last updated on 4th February, 2022

Coronavirus Policy

Aim

To assist all employees and families to implement appropriate risk management procedures to prevent the spread of coronavirus or reduce the potential for the illness to spread.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

Current COVID-19 advice (From DEC ECEC site - 4/3/22)

- Testing and isolation are no longer mandatory for those exposed to a positive case in ECE settings however, testing and isolation recommendations should be considered.
- The Public Health Order remains in force, and to currently carry out work at an early childhood education care service, all educators and staff must have received two doses of the COVID-19 vaccination. Educators are encouraged to seek out booster shots when they are eligible.
- Mask wearing in indoor ECE settings is required until Friday 4 March.
- From Monday 7 March, masks will no longer be mandatory for staff in ECE services.
- NSW Health continues to recommend the wearing of masks indoors when you cannot socially distance.
- Educators are encouraged to review the [NSW Government COVID-19 news and updates](#) for the latest updates and advice.

Implementation

This policy is guided by recommendations and health measures by the Australian Government, local Public Health Units and the Regulatory Authority in NSW to promote evidence-based COVID-safe behaviours to help minimise the community transmission of COVID-19. The *National Guiding Principles for Managing COVID-19 in Schools and Early Education and Care Services* state that ECEC services are essential and should remain open wherever possible in outbreak situations. ECEC workers are designated as 'essential workers' in all jurisdictions. [National Return to School Framework \(PDF, 498KB\)](#).

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

Our Service has a *COVID-19 Safe Plan* in place and a copy is available on our premises at all times.

This policy must be read in conjunction with our other Service policies:

- o Illness & Infectious Diseases Policy
- o Health and Hygiene Policy
- o Relationships (Children, Families, Educators & Community) Policy
- o Fees Policy

Risk Management

Our Service has effective and systematic risk management processes in place to identify any possible risks and hazards to our learning environment and practices related to COVID-19. Where possible, we have eliminated or minimised these risks as are reasonably practicable. Control measures are reviewed in consultation with staff members and effectively communicated with families and visitors. Due to the constant changes in managing our Service during the pandemic, our approach to risk management is ongoing and fluid.

Our Service implements health and safety procedures as stated in the *Staying healthy: Preventing infectious diseases in early childhood education and care services* (Fifth Edition) developed by the Australian Government National Health and Medical Research Council as part of our day-to-day operation of the Service. During the pandemic, we have increased our health and safety procedures by implementing a combination of COVID-safe practices including:

- adhering to mandated COVID-19 vaccinations for all ECEC staff and visitors (including booster vaccinations in state/territories where this is mandated by PHO)
- maintaining an accurate workplace attendance register for all staff, parents, visitors at all times (including contact phone numbers) as per National Regulations
- wearing of face masks and other PPE (as required)
- reducing mixing of children by separating cohorts
- ensuring staff maintain physical distancing of 1.5m from each other, especially in tea rooms (where possible)
- enhanced personal hand and respiratory hygiene for children, staff and parents (including cough and sneeze hygiene)
- improving ventilation in indoor spaces and adhering to any 'ventilation plans' implemented in schools or buildings as per our state/territory Public Health Unit advice
- where possible, moving lessons and activities to outdoors to reduce transmission between groups

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

- managing situations where children are required to queue- waiting their turn to use bathroom for handwashing or toileting, waiting their turn to use a piece of equipment etc.
- full adherence to the NHMRC childcare cleaning guidelines and cleaning and disinfecting high touch surfaces at least twice daily, washing and laundering play items and toys
- restricting the number of visitors to our service
- communicating with parents of children who have chronic medical conditions or immunosuppression as they may be at an increased risk of disease and require additional ongoing support/care
- conducting COVID-safe risk assessments for any group outings to public places (excursions to local shops, schools, libraries)
- conducting COVID-safe risk assessments for any large group celebrations and adhering to our state/territory] restrictions for groups size, square metre allowance and other measures

Mandatory Vaccinations for COVID-19 in ECEC settings

As children aged 0-4 years are not currently eligible for COVID-19 vaccination, reinforcing prevention strategies in ECEC settings is a priority. Vaccination is the leading public health prevention strategy to ending the COVID-19 pandemic. Each State/Territory has their own Public Health Orders related to mandatory vaccinations for education and care services.

NSW Services

- Under the [Public Health Order](#), all early childhood education and care educators and staff must have received two doses of the COVID-19 vaccination. This includes all staff working on site, volunteers, contractors, maintenance staff, cleaners and all other workers who are on site. (Staff members who are unable to obtain a medical contraindication certificate from their doctor are not able to attend early childhood educational settings)

Handwashing/personal hygiene measures

Effective handwashing remains a vital strategy to help reduce the spread of the COVID-19 virus.

Our Service will ensure:

- o all employees, parents, children and visitors must wash their hands with soap and water or use the alcohol-based hand sanitiser provided upon arrival to the Service
- o children are supervised when washing hands
- o educators and staff must adhere to effective food preparation and food handling procedures

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

- o educators will wash their hands or use alcohol-based sanitiser, before wearing gloves and wash their hands after wearing gloves
- o hands must be washed thoroughly using soap and water before and after using the toilet
- o cough and sneeze etiquette must be used- cover your cough and sneeze with your hand or elbow

Managing a positive case of COVID-19

Testing and isolation are no longer mandatory in ECEC settings as per the updated health advice and National Protocols. [[COVID-19 Test and Isolate National Protocols](#)]. Mandatory requirements now only apply for 'household contacts'.

To assist our service, manage the risk of transmission of COVID-19 (especially the Omicron variant) management will:

- remind families that any person (employee, enrolled child, parent, caregiver, visitor or contractor) who is displaying symptoms such as: fever, coughing, sore throat, fatigue and shortness of breath, should have a PCR or Rapid Antigen Test and not attend our Service under any circumstance until they receive a negative test result

In the event of a positive case, management will:

- ensure daily attendance records for staff, children and visitors are up to date
- determine who is a COVID-19 contact in the service
- send all contacts (parents, staff, visitors) a notification of a positive case (letter, email)
- provide Health Fact Sheets to families ([NSW Health fact sheet for families](#))
- provide information about [getting tested for COVID-19](#)
- conduct a thorough clean of the service

National Protocols require:

- any person who tests positive to COVID-19 to inform their workplace/employer, school and early childcare facility and any other social contact they have spent time with from the 2 days they started having symptoms or 2 days before they tested positive. COVID-19 can be confirmed by a positive Rapid Antigen Test (RAT) or a polymerase chain reaction (PCR) test.
- register positive test results (refer to each [State/territory Health Department](#))
- anyone who tests positive to COVID-19 to self-isolate for at least 7 days from the day they test positive. Close contacts must also stay home for 7 days and take a RAT self-test or PCR test. If they test negative,

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

they must continue to stay isolated and retest on Day 6. If this test is negative, they can return to work/school/ECEC service after completing 7 days of home isolation.

Unwell children at our Service

As per our *Illness & Infectious Diseases Policy* we reserve the right to refuse a child into care if they:

- o have a contagious illness or infectious disease
- o have been in close contact with someone who has a positive confirmed case of COVID-19
- o are unwell and unable to participate in normal activities or require additional attention
- o have had a temperature/fever, or vomiting in the last 24 hours
- o have had diarrhoea in the last 48 hours
- o have been given medication for a temperature prior to arriving at the Service

What happens if our Service is forced to close?

The current health advice is that ECEC services should continue to remain open unless otherwise directed with risk mitigation measures in place. (DESE, 2022). Any decision to temporarily close our Service will be made in collaboration with our Regulatory Authority and all families will be notified immediately via email and/or phone.

The Approved Provider must notify the [Regulatory Authority](#) within 24 hours of any closure via the [NQA IT System](#) and the [Department of Education, Skills and Employment \(DESE\) via the Provider Entry Point \(PEP\)](#) or your third-party software provider.

Caring for a family member or emergency

If an employee cannot attend work due to caring for a family member due to COVID-19, they are entitled to take paid carer's leave. Casual employees are eligible to have 2 days unpaid carer's leave per occasion. See [Fair Work Act](#) for entitlements for casual, part time and full-time employees. Reasonable evidence is required to justify the absence.

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

Pandemic Leave Disaster Payment

This lump sum payment is available for people who can't work and earn an income due to:

- Self-isolation or quarantine due to COVID-19
- You are caring for someone who has to self-isolate or quarantine due to COVID-19.

From 10 January 2022 Services Australia will accept both Rapid Antigen Test (RAT) and Polymerase Chain Reaction (PCR) results. See: [pandemic leave](#) for further information.

Waivers

The Approved Provider may apply to the Regulatory Authority for waivers for staff qualifications to minimise disruptions to our provision of care. Waivers for ratios will only be considered in exceptional circumstances.

Waivers will be considered on a case-by-case basis. see: [NGA ITS Portal Emergency Management Help Guide](#)

Talking to children about COVID-19

As per our *Relationships with Children, Families, Educators and Community Policy*, our Service is committed to maintaining positive interactions and relationships with children and their families. Information provided to children about COVID-19 will be age appropriate and sensitive to their emotional wellbeing. Educators will both acknowledge children's concerns and be open to discussions about COVID-19.

Communicating with families

Our Service will continue to provide regular communication with families and share information about COVID-19 as required. Due to the fluid nature of COVID-19 and the necessity of self-isolation for some staff members, our Service will endeavour to inform parents and families of any staff changes on a daily basis.

SUTHERLAND PRESBYTERIAN CHURCH PRE-SCHOOL

God said, "I have loved you with an everlasting love," Jeremiah 31: 3

Caring for our community

Our Service is committed to continue to provide quality education and care to all children and support families responsibly during these unprecedented challenges of the COVID-19 pandemic.

Knowing how to look after yourself, and others is very important during this crisis.

We will promote a safe and supportive environment by:

- o reassuring children they are safe
- o acknowledging and listening to children's questions
- o promoting and implementing hygiene routines for handwashing and cough and sneezing
- o keeping regular and familiar routines within our Service
- o ensuring children eat well throughout the day
- o engaging children in play, games and other physical activities
- o being alert to children's level of anxiety and provide quiet and relaxing activities
- o ensuring children are provided with rest and sleep when needed
- o providing information to families and support services as required

To reduce the chances of cross infection we are limiting the number of people on the preschool premises at this time. This means no incursions or other visitors unless strictly necessary.
